

# **Model Release Guidelines**

If the artwork you're submitting has someone in it who can be recognized, then you better grab a pen and get that person to sign a model release provided by you, which you will then need to send to us (Lensartists) to use with that shot. If the photograph is of a child under the age of 18, a model release must be signed by a parent or legal guardian. If you've been busy taking photos of yourself, get some more friends! But even if the photos are of you, a model release is still required. We need one per shot.

Lensartists has put together a simple Model and Property Release form for you to download. Remember to use a pen we don't accept signatures in any other format.
